

Admission
Master Philosophy and Economics
Admission Requirements

General Information

The minimum entry requirements for the master's programme in Philosophy and Economics at the University of Vienna require a bachelor's degree or equivalent degree in a relevant discipline. At the time of application, at least 150 ECTS credits of courses must have been completed (i.e. there is only one semester of full-time study remaining).

Admission also requires that applicants have knowledge of philosophy or political theory, as well as of economics corresponding to 15 ECTS credits each (equivalent to half a semester of full-time study). These courses should typically be completed at the time of the application. However, if these courses are still in progress and completed before the start of the programme, please also include them here.

Only list courses for which you have proof of completion. **Please highlight them in your transcript.**

Note:

If philosophy or economics are your main courses of study, then you do not need to list individual courses here. Please tick the appropriate box if that applies.

1) Philosophy or political theory

- Philosophy is one of my main subjects of study
- I have studied the following courses in philosophy and political theory, to the extent of at least 15 ECTS / half a semester full-time study:

ECTS Credits	Title of the Course	Course Description
--------------	---------------------	--------------------

2) Economics

- Economics is one of my main subjects of study
- I have studied the following courses in economics, to the extent of at least 15 ECTS / half a semester full-time study

ECTS Credits	Title of the Course	Course Description
--------------	---------------------	--------------------
